Diminuição da visibilidade policial poderá ter afectado a confiança dos cabo-verdianos na Instituição – Admite a Ministra da Administração Interna.

Dados da policia sobre a corrupção, sobre os cabo-verdianos que temem ser vítimas de um crime nos próximos tempos (cerca de 30,4%) e sobre os números segundo os quais existe uma arma de fogo em 7,01% dos agregados familiares, preocupam e levaram a Ministra da

Administração Interna a reagir em declarações à RCV.

O inquérito sobre a Governança, Paz e Segurança (GPS) revela que mais de 34% da população cabo-verdiana receia ser vítima de crime, e que quase 50% não confia na policia.

34% dos cabo-verdianos não confia na policia, segundo o estudo de opinião divulgado hoje na Cidade da Praia, e promovido pelo Instituto Nacional de Estatística (INE) de Cabo Verde.

INE apresenta resultados do inquérito sobre a Governança, Paz e Segurança

ACTUALIZADO A 04/08/2014, 17:10

Cidade da Praia, 05 Jun (Inforpress/Nacional de Estatística (INE) apresentou os resultados do inquérito sobre a Governança, Paz e Segurança (GPS) na Cidade da Praia, os resultados do estudo de opinião divulgado hoje na Cidade da Praia, e promovido pelo Instituto Nacional de Estatística (INE) de Cabo Verde.

O INE que elaborou esse inquérito em parceria com a União Africana contou com o apoio do Programa das Nações Unidas para o Desenvolvimento e vem na sequência de um estudo semelhante realizado em 2011 com os mesmos objectivos de medir a confiança dos cidadãos na justiça e segurança.

Segundo informações do gabinete de Relações Públicas do INE, ao fazer a apresentação desses resultados, será a primeira vez que o país mede

A maioria dos cabo-verdianos confia no sistema público de ensino e desconfia dos deputados, segundo um estudo de opinião divulgado hoje na Cidade da Praia, e promovido pelo Instituto Nacional de Estatística (INE) de Cabo Verde.

OBRIGADA!
